Coaching Basketball Academy (CBA)

Training certification program for basketball coaches, grades 1-9. Whether an association has paid and/or volunteer coaches, many of these coaches lack the necessary knowledge and understanding of what grade specific skills they should be teaching, and more importantly, how to properly teach these skills.

- Training certification program is designed to provide youth coaches the necessary tools to be an effective coach/teacher at the grade level they will be coaching.
- Curriculum focuses on how to teach skills that every player should be introduced to.
- The coaches will have an opportunity to observe, actively participate on the court and ask questions during the certification clinics.
- This program will help all coaches and/or youth basketball associations develop a positive "Coaching Philosophy."
- 1.75-hour program for 1st-6th grade In-house level.
- 2-hour program for 4th-9th grade Travel level.
- Each coach will receive a Coaches Handbook.

CBA is available to individual coaches as well as associations, leagues and schools.

Cost for:

Individual coaches: 1st-6th grade In-house level.....\$25.00
